

Base Frames

30"	£1750	£1475	£975	£835
	Base Rectangle	Base Square	Chunky Pano	Skinny Pano
	£1250			
	Base Pano			

Our Base Rectangle has glass dimensions of 30x40". The other frames can fluctuate depending on the frame moulding. We have given our frame sizes names such as 'Multi Square' to make it easier for you to reference the scale of each frame.

Once your session is complete, cosy up on the sofa with your fur family and take some time to browse this guide.

It's good to note that if you choose a style with a thicker frame, the overall size of your product will be a little taller than 30".

Both examples above are 'Base Squares', so they both have a 30" aperture but one is a frameless style and the other style has a thick frame.

Multi Frames

Our three Multi Frames are sized to fit perfectly around the outside of the equivalent Base Frame. They look best when displayed as a group of 3 or more on your wall.

Beethoven = 1 Base Square, 1 Skinny Pano, 2 Multi Squares. Lassie = 1 Base Rectangle, 4 Multi Rectangle. Bolt = 2 Base Square, 2 Chunky Square.

Float

A beautiful soft wooden veneer with the image floating in the middle. You can see straight through the frame making a feature of your wall behind & tying your portraits into your home

Edge

A glassless product with a simple protruding black or white wooden frame giving you a clear view of your portraits from any angle of the room

Vertex

An ultra modern aluminium frame that protrudes out past the glass and reflects your portraits back at you

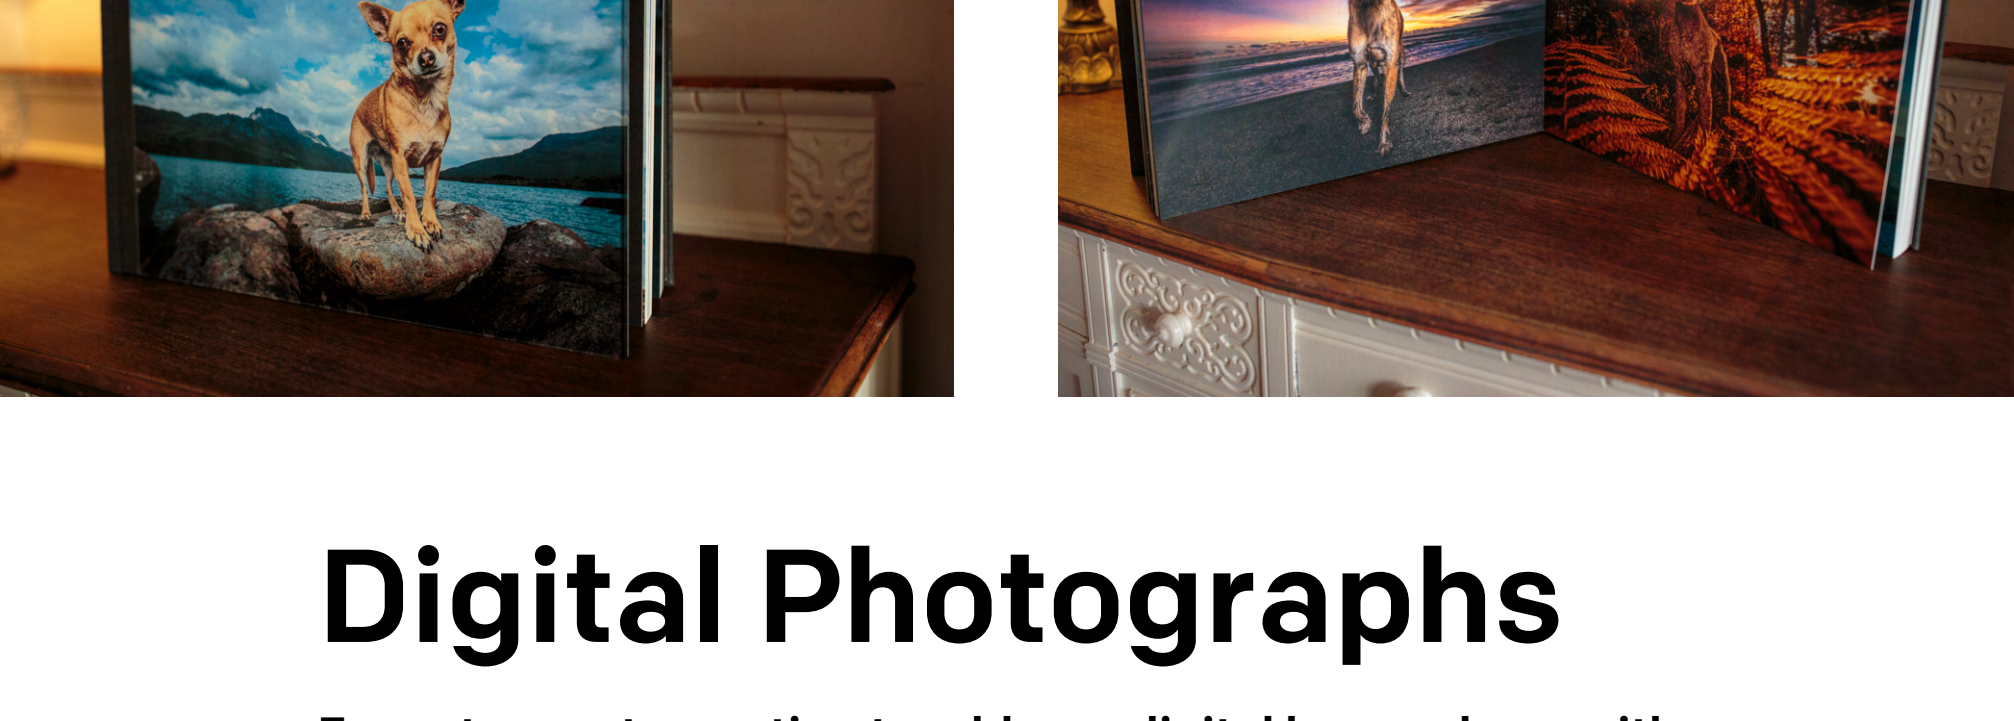

Ice

Your photos are sandwiched behind acrylic on a pearlescent paper, making them appear to sparkle in 3D - as if you could reach into the photo itself

Natur

The modern twist on a classic. Comes with either a black or white mount and an array of textured finishes

Digital Photographs

For pet parents wanting to add on a digital keep sake or with a know-how of the printing process wishing to create print copies themselves, we offer a digital pen drive containing your favourite photos in high resolution.
